

UIA CONGRESS  
TOKYO  
25-28 SEPTEMBER 2011

### THE UIA COUNCIL ANNOUNCEMENT ON UIA 2011 TOKYO

The 116th UIA Council Meeting was held on June 5th and 6th 2011 in Singapore, and the Council carefully examined the current situation in Tokyo after March 11th, when huge earthquakes and tsunami devastated Northeast Japan.

The Council endorsed the conclusion of the Coordinating Council of UIA2011 TOKYO, held on April 8th and 9th 2011 in Tokyo, to make maximum efforts and continue to work for the success of the UIA Congress, the UIA General Assembly and the UIA Council Meetings in Tokyo as scheduled on September 25th through October 1st, 2011 under the Congress' theme

#### Design 2050

Beyond Disasters, through Solidarity,  
towards Sustainability

The participants will talk together, discuss and exchange ideas on  
**Environment, Culture, Life,**

sub-themes deeply related to **human security**. They will examine together images of urban, architectural and living environment towards and beyond 2050.

Thereby, through a firm solidarity of their professional community architects will work for equity for all, beyond the boundaries of nations, regions, and any kind of discrimination.

People of the world will support with UIA the affected people and areas and propose what we should do now and in the future within the global context.

The UIA Council will ensure that as many colleagues as possible from every UIA Member Section will take part in UIA Congress: UIA2011 TOKYO.
