2016 UIA approved Suncheon International Architecture Competition

Daegu Architectural Culture Confederation (DACC) would like to invite creative architects of your institution to join an international competition for architectural ideas. The competition is approved by UIA and thus will be in accordance with UIA regulations. I am writing to request your generous cooperation in promoting the competition so that we can host as many wonderful ideas as possible from architects around the world and your institution.

A brief description of the competition is as follows:

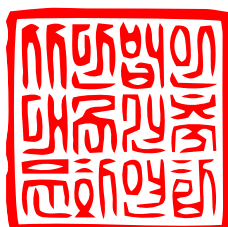

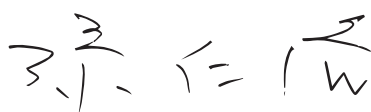

- Purpose : The purpose of the competition is to create a brand new landmark of the city which will define the identity of the old city of Suncheon with an art center and a plaza, the Suncheon Art Platform.
- Site Location : 95 Jungarng-ro ~ Namun-ro , Suncheon-si, Jeollanam-do, South Korea
- Site Area : 10,514 m2
- Eligibility : This competition is an UIA approved open competition
 - All registered or non-registered professionals around the globe
 - All current students and graduated experts who majored in architecture, environment and city planning

Please utilize enclosed competition posters and refer to our website, <http://www.siac.kr>.

If you have questions regarding the competition, please contact DACC via email, info@siac.kr.

Thank you for your assistance.

Sincerely,

In Rak Son
