**January 31, 2017** Deadline for submissions

January 2017  
March 2017  
April 2017

International jury announced  
Finalists announced  
Winner announced

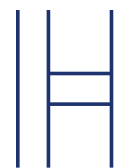

## CALL FOR SUBMISSIONS

A \$100,000 traveling fellowship open to talented early-career architects worldwide proposing exceptional itineraries for research and discovery

The Wheelwright Prize recognizes the importance of field research to professional development, and reinforces Harvard University GSD's dedication to fostering investigative approaches to contemporary design. Now in its fifth year as an open international competition, the Wheelwright Prize is available to individuals who have received a degree from a professionally accredited architecture program in the past 15 years (2002 or later). Applicants need not be registered or licensed. Individual entrants only; no teams or firms. Applicants will be asked to submit a portfolio and a proposal for a research project accompanied by a travel itinerary.
